

No Hassle Fundraising - Areawide Wellness Associates

You Refer Family and Friends for the Products below – we will talk with them, explain the products – if they purchase – 100% of our price profit goes to the students account.

Products everyone uses every day. Consumable products people will want to reorder. When people you refer to us use our products – everyone wins – the referral will experience the best products on the market and the student will get the price profit from the sale. (And all repeat sales up to 4 years) **It doesn't get easier.**

Some of the BENEFITS of working with our Fundraising System are:

1. Funds are generated with initial orders and continue with repeat reorders
2. NO door to door sales
3. The average person in the US is currently spending between \$100-\$200/mo on a our type products. If a participant ***redirects their spending*** they can help a student, improve their health and save \$\$.
4. Participants can be anywhere in North America – online catalog
5. **Program can continue for up to 4 years or until graduation.**
6. The student is not required to explain any of the products – That is our job.
7. When participants refer other people who become participants, their sales are also credited to the student. ***The student may get funding from people they don't even know.***

BEST PRICE!

"Green" Cleaning

Air Purification

1 unit = whole house

If the student refers 3 people a month and the average order/reorder is typical to our clients, the student will have **over \$4200.00** credited to their account the first year!!

We know that this is an extremely viable method for the school and students to raise funds. Call us today and we will help you take the next step. You'll be glad you did.
